

Township of Northampton

Address: _____ Lot Size: _____ square feet

Impervious Surface Breakdown

(Impervious Surface: A surface that does not absorb rain. All buildings, parking areas, driveways, roads, sidewalks, and any areas in concrete and asphalt shall be considered impervious surfaces within this definition. In addition, other areas determined by the Township Engineer to be impervious within the meaning of this definition will also be classified as impervious surfaces. The surface area of pools shall not be considered for the purpose of impervious surface calculation.)

A. House: _____ square feet

B. Shed/Detached
Garage(s): _____ square feet

C. Patio/Deck(s): _____ square feet
 (Check if the patio is covered by a roof)
 (Check if this is a deck)

D. Driveway: _____ square feet

E. Walkway(s) (inc. pool coping): _____ square feet

TOTAL (existing): _____ **square feet**

F. Proposed construction: _____ square feet

TOTAL (proposed): _____ **square feet**

TOTAL PERMITTED _____ ***square feet***
(To be completed by Township)

Building Coverage Breakdown

(includes all structures with a roof (i.e. house, shed, covered patio, etc.)

TOTAL A+B+C (if covered or a deck)+F (if covered or a deck) = _____ square feet

TOTAL PERMITTED _____ ***square feet***
(To be completed by Township)

Height of Construction

Height of Building or Structure (measured to the highest point): _____ feet
(Please include plan showing elevation of structure or building, preferably to scale. In the case of sheds, manufacturer often supplies brochure with height indicated.)

Stormwater Management and Grading Ordinance Compliance Acknowledgement
(for projects with an impervious surface increase of 1,000 square feet or less)

In accordance with Ordinance #559, Stormwater Management and Grading Ordinance, adopted by the Northampton Township Board of Supervisors on July 27, 2011, I verify that my proposed impervious surface coverage is less than 1,000 square feet. In addition, I acknowledge that I have read the *Small Project Stormwater Management Control Guidance* handout available at the Township or on the Northampton Township website. As result, I will incorporate stormwater Best Management Practices (BMPs) as recommended in this handout to comply with the requirements of the Stormwater Management Ordinance. I further understand that these requirements are self-regulating and are my sole responsibility to ensure compliance. If I am the applicant for the project, not the homeowner, I also acknowledge that I have made the homeowner aware of these requirements.

The undersigned certifies that the project will be consistent with the requirements of the Northampton Township Stormwater Management Ordinance, and that the information provided is true and correct:
