Effective Immediately

Effective immediately, two (2) copies of a sealed survey must be submitted with all inground pool permit applications. This survey must include existing and proposed grades in addition to the following: pool (size and location) along with any associated decks, walkways, etc. (including their construction materials and methods), house and accessory structure locations, setbacks, easements, power lines, building coverage, impervious surface coverage, and fencing location. To cover the cost of review by the Township Engineer, all applications must submit an escrow of \$300 in addition to building/zoning permit fees.

In addition, all applications must include a signed copy of the proposed fence by the homeowner. The signature sheet should show the style of the fence with height and spacing indicated.

If you have any questions, feel free to contact me at 215-357-6800 x214.
Thank you for your cooperation.

Sincerely,

Michael T. Solomon
Director of Planning and Zoning
